Serving Sri Lanka

Knowing of over one hundred responses to the World Radio programs in India and Sri Lanka last month reminds me of the importance of the work of *Asee Darla* (pictured). Asee lives in India and travels to Sri Lanka to train preachers how to teach the Gospel in love while conducting World Radio broadcasts in both countries. Being a vital member of the World Radio team since 1976 has allowed him to see many responses of people who are eager to know the love and grace of our Lord.

Since the expansion of the effort in India to Sri Lanka three years ago, the work in Sri Lanka has been steadily growing in number and maturity. The impact to the communities is great and our family is getting larger every day as a result. Several challenges, like the government's worldview and radio program cost, make this a very special work. It is so special that it was sparked with very specifically dedicated funds that have since been withdrawn due to economic difficulty.

There is no doubt that this program is worth our

every effort to continue, but to do so we need your help. Because of potential impact of the program on the state religion and its influence on many Hindus, this program is one of the most expensive works that we sponsor. Millions of Hindus and Buddhists have access to the Gospel because of the work of our humble friend Asee Darla and it would sadden us greatly to discontinue the work in Sri Lanka. Christianity ranks next to Islam at 8% of the population of Sri Lanka due to the domination of Buddhism. Please help shine the light of the pure and simple Gospel in Sri Lanka by supporting this work today.
